

Digilube Systems, Inc. is a manufacturer of conveyor lubrication equipment, industrial maintenance lubricants and conveyor chain and rail brush cleaners. We strive to provide manufacturers, plant managers, engineers and maintenance personnel with innovative products. Our factory trained sales & field service technicians are available to provide you with a complete solution for your conveyor maintenance requirements.

Our concept of equipment, lubricants, cleaners and service, allows one to customize their individual plant needs resulting in:

- Improved lubrication and utilization of personnel
- Elimination of drippage and pat contamination
- Less maintenance and energy consumption
- Reduced downtime and increased conveyor life

CleanLUBE by Digilube is a new generation dry film lubricant inspired by California's AQMD Rule 1144. It has:

- No flash point
- Virtually zero VOC's
- Significantly improves workplace safety
- Non-toxic, biodegradable, and low odor

PRODUCTS

INDUSTRIAL MAINTENANCE LUBRICANTS

- Moly Free Dry Film
- Moly Dry Film
- Emulsions
- Synthetics
- Food Grade
- Spray Lube
- Greases

CONVEYOR CHAIN & RAIL BRUSH CLEANERS

- Powered Brush
 - Chain & Trolley Brush Cleaner
- Non-Powered Brush
 - I-Beam Rail Brush Cleaners
 - Enclosed Channel Brush Cleaners

CONVEYOR LUBRICATION EQUIPMENT

- Conveyor Lubricating System
- I-Beam Lubricators
- Enclosed Track Lubricators
- Lubricant Tanks
- Logging & Bolted Chain Lubricators
- Specialty Lubricators
